Vaccine Administration Network
Pharmacy Locations

Flu and pneumonia affect millions of people each year in the United States. These diseases harm health and raise medical and drug costs.

You can help protect yourself by getting a flu shot.

Flu, pneumonia and shingles shots are available at participating pharmacies for Blue Cross and Blue Shield of Nebraska (BCBSNE) plan members* and their covered dependents. Included is a list of participating pharmacies and contact information. The pharmacies are listed in order by state.

You may get a flu, pneumonia or shingles shot at any of the participating national retail pharmacy locations. All you need to do is present your BCBSNE member ID card and pay your standard pharmacy copay. The shot is given on-site by a qualified clinician.

Age limitations, advanced registration, or other requirements may apply. For your convenience, you may contact the pharmacy in advance if you have questions or to make sure the services are available. The list of participating pharmacies is current as of the date shown in the lower left corner of each page. It may be changed at any time to reflect changes in the network.

*Applies to BCBSNE plan members with prescription drug coverage through BCBSNE that includes the flu, pneumonia and shingles vaccination benefit as part of the BCBSNE plan coverage. Check your BCBSNE benefit booklet to determine if this flu, pneumonia and shingles vaccination benefit is part of your employer's group health plan.
