

A GUIDE TO YOUR PREMIUM PAYMENT OPTIONS

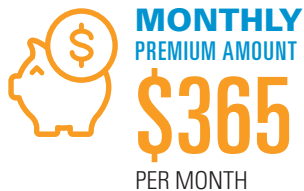

for Armor Health, Medicare Supplement and DentalEssentials Policies

➤ Recurring payments

If you need payment flexibility, setting up recurring payments through your myNebraskaBlue account may be the best option for you.

On **myNebraskaBlue.com**, go to the Billing tab, choose Payment Options and select the Recurring Payment option.

- **My payment** – Choose the amount you would like to pay.
- **My due date** – Choose when you would like to pay. You can split your premium over several payments as long as the full amount due is paid by the end of the month.
- You may also choose to use multiple forms or times of payment.

MONTHLY PREMIUM AMOUNT
\$365
PER MONTH

Example: if the monthly premium amount is **\$365.00** per month, you may select **\$165.00** payment on the 10th of the month and **\$200.00** on the 18th of the month. This is acceptable since **\$365.00** has been collected in total.

PAYMENT
-\$165
10TH OF MONTH

PAYMENT
-\$200
18TH OF MONTH

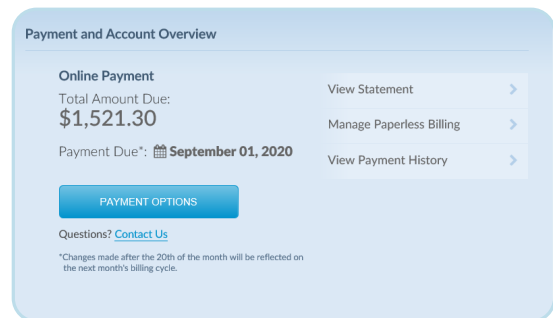

- Be sure to update your payments if there are any changes to your premiums, which may fluctuate annually. If your premium changes, and you do not update your payment preferences to pay the full premium due, your coverage may be terminated.

➤ Automatic payments

You may set up automatic payments for the 20th of each month (to pay in full for the following month). This date is not flexible, however, unlike reoccurring payments, if your premium amount changes, you do not need to update your payment information.

On **myNebraskaBlue.com**, go to the Billing tab, click Payment Options and choose the Automatic Payment option.

- Select Add New Auto Pay and enter your payment information.

➤ One-time payments

You can make a one-time payment online or over the phone.

Online

- On **myNebraskaBlue.com**, go to the Billing tab, click Payment Options and choose Make a Payment.

Over the phone

- Call the number on the back of your member ID card and choose "make a payment" in the automated phone system. This will connect you with the payment service where you can make a one-time payment for the current balance due.
