Important Questions	Answers	Why This Matters:
What is the overall deductible ?	Enhanced Network Provider (CIN) deductible: \$3,400 individual /\$6,800 family per calendar year Out-of-Network deductible: \$6,000 individual /\$12,000 family per calendar year	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay.
Are there services covered before you meet your deductible ?	Yes. Well-child care, preventive drug list medications, first colonoscopy and mammogram of the benefit period, and preventive care are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductible specific services.
What is the out-of-pocket limit for this plan ?	Enhanced Network Provider (CIN) out-of-pocket limit: \$4,000 individual /\$8,000 family per calendar year Out-of-Network out-of-pocket limit: \$12,000 individual /\$24,000 family per calendar year	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums , penalties, balance billing , and healthcare that this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. Enhanced Network Level:Blueprint Health Network See www.NebraskaBlue.com/FindADoctor or call (844) 908-4534 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral ..
